

Glufosinate-based • Ready-to-use • Professional grade • For landscape contractors • Non-Selective

Stop losing money to mixing mistakes and slow-acting glyphosate. ZipZap™ is pre-measured and ready to use—no measuring, no waste, visible results in 2–5 days.

TIME & LABOR SAVINGS

- **Save 5–10 min per job** — no measuring, extended walks, or return trips. Grab a bottle and roll.
- **Finish 1–2 extra jobs per day** — small jobs drop from 20+ min to 10–15 min.
- **Cut new-hire training time** — pre-measured doses eliminate the mixing learning curve and language barriers.
- **Simplify compliance** — fewer mixing records and certification headaches.
- **Compact and portable** — fits in pockets, on sprayers, and frees up truck space.

REDUCE CHEMICAL WASTE & OVERUSE

Professional crews routinely overapply by 15–40% when mixing from bulk concentrate. That’s money sprayed on the ground.

- **Mixing errors waste ~20–30% of product** on average.
- **Pre-measured bottles eliminate mixing waste** — every dose is precise.
- **Result: fewer callbacks, less rework, and lower chemical costs** that more than offset the per-unit price difference.

SAFER FOR YOUR CREW

- **No bulk chemical handling** — the #1 source of workplace exposure incidents.
- **Fewer spills and skin contact** — sealed, single-use bottles reduce risk.
- Better safety means better **retention** in an industry where turnover is already a challenge.

ZIPZAP™ VS. GLYPHOSATE

	Glyphosate	ZipZap™
Results	5–14 days	2–5 days
Rainfast	6 hours	4 hours
Resistance	Growing	New MOA
Soil half-life	Up to 197 days	3–7 days
Health risk	Lawsuits	No carcinogen label
Precision	Spreads wide	Sharp edges

EST. ANNUAL SAVINGS PER CREW

Category	Savings/yr
Labor efficiency gains	\$3,000–\$7,500
Reduced chemical waste	\$1,500–\$4,000
Fewer callbacks & rework	\$1,000–\$3,000
Equipment upkeep	\$300–\$800
TOTAL PER CREW	\$5,800–\$15,300

Based on a 3–5 person crew, \$20–\$25/hr labor rate, 6–8 jobs/day.

Try it risk-free. Request free samples for a pilot trial on 2–3 properties. Track your time, usage, and crew feedback—let the numbers make the case.

Volume discounts and subscription pricing available upon request.
